Also,

There are notices about the virus displayed in Church at the front and back doors please read these and follow the recommendations given.

It is likely that, as more information and advice about the virus is given in the following weeks, further changes to our Church life and activities will have to be made. These will be communicated to you as soon as possible by email and on the Church website.

If you know of anyone who cannot access these please make sure you pass on any information and changes which may affect them.

Please keep everyone who may be affected by the virus in your thoughts and prayers. The Monday evening "Listening to God in Prayer" meeting will NOT be meeting, so we encourage you during these challenging times to join together in prayer between 7pm and 8pm on Monday evenings in your own homes for all affected in any way by the virus.
